SECTION “B”- General Conditions

FOR CONTRACTS ENTERED INTO WITH TESLIN ENVIRONMENTAL SERVICES INC. (“TES”)

The parties to this contract covenant and agree as follows:

1. The Contractor will indemnify and save harmless Teslin Environmental Services Inc. from and against all claims, demands, loss, costs, damages, action suits or other proceedings by whomsoever made, brought or prosecuted in any manner based upon occasioned by or attributable to the activities of the Contractor under this Contract.
2. It is the responsibility of the contractor to familiarize themselves with all the terms and conditions of this tender document prior to submission of their tender.
3. The various works or services are to be carried out and completed to the full satisfaction of the officer signing for Teslin Environmental Services Inc.
4. The Contractor may not assign or sublet this contract or any part thereof without the written consent of the Teslin Environmental Services Inc. If using a subcontractor, the Contractor is required to submit all necessary information from the subcontractor that is required for the main Contractor.
5. All rates indicated in this Agreement shall include wages, meals, living quarters for the contractor or his/her employees and sub-contractors, and parts, supplies, equipment, fuel, oil, grease, repairs, replacements, depreciation interest and any other costs pertaining to the execution of the contract, unless a change is specifically accepted by TES.
6. Payments on hourly rates shall be computed on the basis of actual operating hours, determined by a method approved by Brad Stoneman or James Pugsley, representing Deisleen Development Corporation and Teslin Environmental Services.
7. Teslin Environmental Services Inc. reserves the right to terminate this contract at any time before completion for any reason whatsoever. In the event of such termination Teslin Environmental Services Inc. will pay the Contractor an amount that, in the opinion of the officer signing for the TES, is equal to that portion of the work or services completed up to the day of termination.
8. In engaging labor for the work or services contemplated by this contract the Contractor will employ as far as practicable and consistent with efficiency and economy only Canadian Labor with local labor receiving preference.
9. Where in the opinion of the contracting authority, it is in the Teslin Environmental Services Inc.’s interest to obtain security to ensure the due performance of the contract, the contracting authority may require security in such form and such amount as the contracting authority deems appropriate.
10. All contracts with Teslin Environmental Services Inc. are subject to the conditions and provision of the Labour Standards Act and any regulation there under, as amended from time to time.
11. The Contractor shall follow all direction in contract documents unless given written consent of the officer signing for Teslin Environmental Services Inc.
12. Payments will be made by the Teslin Environmental Services Inc. according to Section C-Terms of Payment.
13. Unless notified otherwise on www.ddc-teslin.com, tender documents will be opened at 12:01 pm on the closing date of tender; this procedure will be public for all participating contractors.
14. Work completed for Teslin Environmental Services Inc. under this contract will be subject to a one-year warranty from the date of Verification of Total Performance.
15. All Contractors shall provide Teslin Environmental Services Inc. with a valid copy of a Yukon business license, Workers Compensation Compliance and proof of \$2,000,000.00 Liability Insurance.
16. The contractor will be responsible for any damage to Teslin Environmental Services Inc.’s property.
17. All work is to be performed at the request of Teslin Environmental Services Inc.
18. The contractor’s work must be performed to a professional industry standard.
19. The contractor must complete the work according to Occupational Health and Safety standards.
20. The Contractor will complete all work under this contract by the date set out in the Milestones, previous page.

SECTION “C”- Terms of Payment

The payment schedule is as follows: Invoice after Contract Completion date.

SECTION “D” – Work Description

Scope of Work: Scope of work for this project is for the supply of light machinery with operator to remove snow down to 2” to 3” above the cell floor.

This facility has an impermeable liner at its base and must not be damaged in any way. The Contractor will understand and agree that under no circumstances:

- Shall the light machinery tracks or tires be closer to the cell liner than 300mm while moving the machine in a straight line;
- Shall the light machinery tracks or tires be closer to the cell liner than 600mm while turning the machine; and
- Shall the snowblower attachment of the light machinery at any time be closer than 2” to 3” to the cell floor.

General Description

Teslin Environmental Services Inc., is requesting tenders for the supply of light machinery with operator to remove the snow in Cell One at the Land Treatment Facility (LTF) in Teslin.

Submitted tenders must include a list of equipment that would be used to achieve the desired outcome, ensuring that operating the equipment will not result in damage to the Land Treatment Facility.

The Contractor is to ensure that all work performed meets a high standard of quality and of public and worker safety.
